

THE EASTERN SPECIALTY COMPANY

# SOCKET SAFETY CLIP

CAT. 301

## ISSUE SOLVED

TESCO's **Socket Safety Clip** has been designed to give meter technicians a way to temporarily reassure that a hot socket will not affect a faulty meter socket jaw.

## FUNCTIONALITY

The danger zone of a meter socket jaw is 5 lbs. of holding force. At 5 lbs. arcing can occur, resulting in a more serious problem, failure, or electrical fire. **The Socket Safety Clip** improves the holding force of a meter socket jaw to close to 20 lbs., and can withstand temperatures beyond 400 degrees. This temporary solution simply clips around the jaws of a meter socket until the socket can be replaced.

The **TESCO Socket Safety Clip** gives utilities an alternate option to disconnecting the service. The Socket Safety Clip is intended for one-time use, and is recommended for each jaw, regardless of the quantity of faulty jaws per meter socket.

## FEATURES

- Single-piece, injection molded with non-conductive, highly-durable, high-temperature plastic
- Improves holding force to 20 lbs. per meter socket jaw
- Temporary solution to alleviate disconnecting service
- UL-94 VO Flame Rating

## SPECIFICATIONS

- Packaging
  - ◊ **Catalog No. 301-40:** 40 pieces
  - ◊ **Catalog No. 301-200:** 200 pieces
