

THE EASTERN SPECIALTY COMPANY

POLE MOUNTING BRACKET

CAT. 702-PB & CAT. 703-PB

ISSUE SOLVED

*How do you secure **SmartPole Meter Boxes** to your streetlight poles?*

TESCO's **Pole Mounting Brackets** secure your **702 or 703 SmartPole Meter Boxes** to your streetlight poles. TESCO's **SmartPole Meter Boxes** are the approved method to install an ANSI C136.41 socket based meter to your streetlight pole. Mount streetlight meters, meter telecommunication devices, or meters for any other pole-mounted services with **TESCO's Pole Mounting Brackets**.

Cat. 702 with the Cat. 702-PB

METER DISCONNECT BOXES

Cat. 702 SmartPole Meter Disconnect Box: For lower amperage SmartPole metering installations where a CT isn't required.

Cat. 703 Transformer-Rated SmartPole Meter Disconnect Box: For larger, new 5G deployment services that need to be metered (meter not included).

Cat. 702

Cat. 703

FUNCTIONALITY

TESCO's new **Pole Mounting Brackets** make it easier to mount the **Cat. 702 SmartPole Meter Disconnect Box** and the **Cat. 703 Transformer-Rated SmartPole Meter Disconnect Box** to a streetlight pole.

Cat. 702-PB pairs with TESCO's **Cat. 702**
Cat. 703-PB pairs with TESCO's **Cat. 703**.
