

# Fused Current Jumpers

CAT. 9412

## FUNCTIONALITY

The **Fused Current Jumpers (Catalog No. 9412)** now come with an additional safety feature that further protects both the operator and the equipment during the use of the 6330 Site Meter Analyzer. This improved accessory now features a small fuse for additional protection in the event of a short during operation. Here at Tesco, safety is our #1 priority, and we are continuously looking for more innovative ways to protect you and the equipment.
