Test Switch Isolator

As a leading manufacturer of test switches and instruments for testing electric metering installations for over 100 years, TESCO's line would not be complete without our Test Switch Isolator.

Our Test Switch Isolator is perfect for isolation of an open test jack. It's available in an ergonomic design with a handle and manufactured with the same TESCO durability and ruggedness that you have come to expect. This isolator is a perfect compliment to our Catalog No. 1077 Test Plug and Catalog No. 6441 & 6441-C Test Switch Protectors.

TESCO is committed to the development of all of our instruments to meet the needs of today's utility market. If you are currently using older model TESCO equipment, please contact us to learn how your product is evolving.

KEY FEATURES

- Keeps circuits secure during live testing by isolating open test jacks
- Ergonomic handle for easy use, even with insulated gloves
- Durable TESCO construction built for utility field environments
- Compatible with Cat. 1077 Test Plug and Cat. 6441 & 6441-C Test Switch Protectors
- Compact size for quick and safe deployment

ABOUT TESCO

Since 1904, TESCO has been the trusted partner of electric utilities worldwide, delivering durable, precise, and innovative metering solutions designed for the real-world demands of the field and the laboratory. Our products are engineered and manufactured in the USA and backed by world-class technical expertise and support.

Reliable Results. Every Meter. Every Time.
