Single Phase K-Base Jumper

PRODUCT INTRODUCTION

The TESCO Metering Single Phase K-Base Jumper (Catalog No. 900-0114) is a high-quality line-to-load bypass connector purpose-built for Single Phase K-Base and 2K Meters. This essential component ensures uninterrupted meter functionality when a direct connection between line and load terminals is required.

If your connector is damaged or misplaced, the usual replacement process can mean waiting up to 8 weeks for custom fabrication. With TESCO Metering's vertical integration, those long lead times are eliminated, allowing you to replace the part almost immediately and avoid costly downtime.

Constructed from solid copper for maximum electrical conductivity, and paired with a durable insulating handle for operator safety, the TESCO Single Phase K-Base Jumper is built for rugged field use. Its precise dimensions guarantee compatibility with K-Base Meter configurations, while the insulation provides reliable electrical isolation during installation and removal.

We can ship it out

Single Phase K-Base Jumper

KEY FEATURES

- **Copper Connector Link** for superior conductivity
- **Length:** 2.41"
- **Height:** 0.75"
- **Thickness:** 0.125"
-
- **Insulated Handle** for technician safety
- **Length:** 2.25 inches
- **Height:** 0.5 inches

Designed for K-Base Meter applications

Minimizes downtime by eliminating custom fabrication delays

Field-proven durability and reliability Made of PVC (UL 94-VO)

ORDERING INFORMATION

Catalog No.: 900-0114

Included: Single Phase K-Base Jumper

Optional Accessories: None

Warranty: 1 Years (Contact your TESCO Sales Representative to inquire about our Diamond Level Support for extended warranty coverage).

Contact TESCO Sales for configuration options and quotes.

ABOUT TESCO

Since 1904, TESCO has been the trusted partner of electric utilities worldwide, delivering durable, precise, and innovative metering solutions designed for the real-world demands of the field and the laboratory. Our products are engineered and manufactured in the USA and backed by world-class technical expertise and support.

Reliable Results. Every Meter. Every Time.
