UtiliShelf

PRODUCT INTRODUCTION

TESCO's UtiliShelf® (Cat. 1063) allows you to create a quick and easy multi-use work station and writing table at a site. The UtiliShelf® is magnetic and will attach to any metal object (16 gauge or thicker for full magnet strength). No more worrying about where you'll be setting up your test equipment or laptop in the field!

The Cat. 1063 also includes UtiliHooks®. While out in the field, you may come across situations where you will not be able to find a metal surface to attach your UtiliShelf®. With UtiliHooks® you no longer need to worry about that scenario! These hooks attach to the back of the UtiliShelf® and can be hung from aluminum substation panel doors at cell towers as well as CT box panels and non-metallic panels.

SPECIFICATIONS

- **Weight:** 4.5 lbs.
- **Material:** PC/ABS
- **Dimensions:** 17" x 14" x 2"
- **Hooks:** 21" tall
